Few Cattle in and Practically No Market.

The market yesterday was steady. Early reports from other markets were discouraging, indicating a weaker feeling. The market here, however, did not sag but maintained the prices at the same point as the day before. The buyers ineist that the market was at least a anade higher, claiming that their herds

The quality was not the best, and the bulk of the sales was as high as the day before. The bulk of the sales yesterday went at \$1.5094.55. The demand yesterday was good and the market active. All receipts were cleaned up early. The quality of the hogs yesterday was

generally fair. There were quite a num-ber of common leads in and a considera-ble quantity of mixed loads with good portions of rough hoge in them. One locable thing was the absence of top-hogs and the comparatively small

ry hogs and the comparatively small number of heavy hogs in. The average weight was much lower than usual.

The receipts yesterday were comparatively good for a Friday during this season. The total receipts of the day were 1.25. There were but few wagon hogs in. The roads were in bad shape and this doubless caused many farmers to stay at home and not attempt to bring their hogs to market. The car-lot receipts did not arrive until late, and the market closed somewhat later than is usually

The market was on a par with other markets in the west. Here hogs sold stendy and the bulk a shade higher. In St. Louis hogs were barely stendy, while a Chicago and Kansas City hogs were moted steady to strong.

The department of agriculture his issued a bulletin giving the number of cattle in the United States. The total number of cattle in the United States at this time is placed at 43,92,414, as compared with 43,98,340 a year ago. According to the bulletin there are 2,97,22 head of cattle in Kansas this year, compared with tle in Kansas this year, compared with 2,756,946 head last year. In Oklahoma at the present time there are 328,971 head of cattle, while last year there were 294,519.

Pork packing in the west is running pretty even with last year now. The Cincinnati Price Current says the unmber of hogs killed in the west for the week ending Wednesday was 475,000, compared with 479,000 the preceding week and 485,000 last year. From November 1 the total is 8,385,000, against 9,305,000 a year afro.

Her Only Regret

frs. Peabody Had Passed Through the Most Trying Experience of Her Life Before She Found a Remedy for Ali Woman's Ills. Nobody who sees Mrs. Mary M.

Peabody, of 42 Water Street, Haverhill, Mass., to-day will find it easy to believe that she has passed her 63d year and has endured more suffering than comes to the ordinary lot of women. How she regained health and happiness is best told in her own words. She says:

"Last winter and spring I had the grip which left my system all run down, I also suffered from female weakness and troubles peculiar to women. I had no strength and no ambition. My friends did not think that I would live and I was afraid that I was going into consumption. "I recalled the benefit that Dr.Williams Pink Pills for Pale People had done me in a former illness, and last July I began taking them. They did not disappoint me. I used several borse of them and from a total wreck I was made a healthy woman. My only regret is that I did not know of Dr. Williams Pink Pills for Pale People when I had the change of life. I am now enjoying the best of health, eat heartily and sleep soundly—all due to Dr. Williams Pink Pills for Pale People.

"There are many facts about my case that I do not care to bave published but I will giadly answer any woman who cares to write me about the subject."

Subscribed and sworn to before me this first day of September, 1800. THOMAS W. QUINBY, Justice of the Prace.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor ataxia, partial paraiysis, St. Vitus' dance, scientism, nervous headache, the after effects of the grip, paleptation of the heart, pale and sallow complexions, and all forms of weakness either in male or female.
